

**STARTUP WATER DISTRICT**  
Water Use Efficiency (WUE) Forum  
3/14/18

Commissioner Kate Roesler called the Water Use Efficiency Forum of the Startup Water District to order at 6:00 p.m. Wednesday, March 14, 2018.

**Startup Water District**

Kate Roesler  
Jaycee DeWees  
Renette Villella  
Nick Sanders

Matt Wood

**Community**

None

**Purpose:** To set Water Conservation Goals for the next 10 years.

**Water Use Efficiency Forum** - Discussion and adoption of WUE Goals which be used as part of the new Water System Plan.

- **Goal 1:** Maintain recent DSL percentages of less than 10 percent.
- **Goal 2:** Reduce residential consumption by 3 percent over the next 10 years. Reduce from 178 to 173 gpd

Goal 1: Distribution System Leakage (DSL) for 2017 was 2.85%. Goal will be to maintain DOH goal of a DSL of less than 10%.

Goal 2: The previous 4 year average of gallon per day (gpd) usage was 178 gpd. The goal will to reduce usage by 3%. This would conserve approximately 465,000 gal. per year.

Kate brought forward a motion to adopt the 2 goals as part of the 2017 Water System Plan, Jaycee seconded. The motion passed 3-0.
